

100% All Natural Wave® Free & Clear with Built-in Rinse Aid

Wave® Gel FREE & CLEAR is a unique product. Why? Because it is the **ONLY Auto Dish product in the world that can be sold as FREE and CLEAR.** And why is that?? The formulation of **Wave®** is the ONLY one in the world that has a neutral pH and plant based ingredients selected to be mild, odorless and effective as cleaning agents. The secret is in the patent applied formulation.

All other Auto Dish products depend on caustic ingredients to do the job. Caustic ingredients not only are dangerous to your skin and the environment but are also foul smelling. The chemists who design these products have no choice but to mask the foul smell with a perfume. That is why there is no other Liquid FREE and CLEAR Auto Dish except for the **Wave®**. It makes sense for all people to switch to **Wave® Gel FREE & CLEAR** as the best alternative for automatic dish washing machines.
